

# FIBER COUNTER & BAR STOOL – WOOD BASE W. BACK

ISKOS-BERLIN ON THE DESIGN "Fiber Bar Stool is the elevated extension to the Fiber Chair family. Retaining the essence of the Fiber series—a clear sculptural language that refuses to compromise on comfort—the bar stool is a versatile and conforming companion for any setting. We wanted to create a harmonious and friendly piece with soft shapes that would fit a café setting as much as a bar or kitchen counter. The stool's seat is made from a wood fiber composite, giving the design a unique expression and and tactile texture."

## ABOUT THE DESIGNER

Iskos-Berlin is a Copenhagen-based design duo that has made international headlines within furniture, industrial and graphic design. The studio, formerly known as Komplot Design has collaborated with some of the World's most prestigious manufacturers and their furniture, lighting and other design products are exhibited at numerous design museums around the world including MoMA and the Designmuseum Denmark.

## CATEGORY

Bar stool

## ENVIRONMENT

Indoor

## COUNTRY OF PRODUCTION

Poland

## PREASSEMBLED

Yes

## DESCRIPTION

Bar stool with a sculptural seat that refuse to compromise on comfort. The seat's low back offers support and makes the seated feel less exposed from behind. Perfect for settings where people are seated for many hours in bar stools.

At the end of its life, this product can be disassembled, supporting circularity. All non-upholstered versions of this product are marked with recycling 5, meaning that is 100% recyclable to be used in future production and thus lowering material waste.

## PRODUCTION PROCESS

The wood fiber and plastic blend is injected into the mold, forming the stool's shell. Wood base is cut from solid oak wood and wet lacquered.

## MATERIAL

Shell consists of a wood and plastic composition with up to 25% wood fibers, 70% PP (polypropylene) and 5% colored PP. The Wood Base is made from solid, wet lacquered oakwood.

For Stained Dark Brown version only: The Wood Base of this product is produced with an environmentally-friendly water-based lacquer, emitting fewer chemicals than standard lacquers for healthier indoor climates while making for better working conditions and lower waste in the production phase. Please note that slight color variations can occur due to the inherent characteristics of the material.

## CLEANING AND CARE

Clean with a moist cloth. If necessary use a little dish soap on the cloth. For upholstery versions, please find cleaning instructions for your chosen textile at kvadrat.dk, nevotex.com or for leather at ca-mo.com. For leather upholstery versions: Clean the leather with a dry cloth regularly. Treat the leather at least four times a year using only special leather treatment products.

## SPARE PARTS

Pre-mounted plastic glides included. Felt and plastic glides can be purchased separately.

## MADE-TO-ORDER

Non-standard colored chairs are made-to-order. The chairs can be upholstered in all colors
