

# FIBER STOOL – WOOD BASE

**ISKOS-BERLIN ON THE DESIGN** “One of the most difficult and noble disciplines is to design with-out eccentricity. To create simple, well-functioning, almost ordinary objects that nevertheless have strong identities. We designed Fiber Chair to do just that with a clear sculptural language that refuses to compromise on comfort. It’s a chair stripped of all unnecessary layers. The iconic form marries soft, embracing curves with an innovative wood fiber composite, giving Fiber Chair a distinctive tactile texture.

## DESCRIPTION

An intuitively attractive and characteristic stool that works as an extra chair in your dining room, living room, bedroom or in the hallway.

At the end of its life, this product can be disassembled, supporting circularity. All non-upholstered versions of this product are marked with recycling 5, meaning that is 100% recyclable to be used in future production and thus lowering material waste.

## PRODUCTION PROCESS

The wood fiber and plastic blend is injected into the mold, forming the stool's shell. Wood base is cut from solid oak wood and wet lacquered.

## MATERIAL

Shell consists of a wood and plastic composition with up to 25% wood fibers, 70% PP (polypropylene) and 5% colored PP.

The Wood Base of this product is produced with an environmentally-friendly water-based lacquer, emitting fewer chemicals than standard lacquers for healthier indoor climates while making for better working conditions and lower waste in the production phase. For Stained Dark Brown version only: Please note that slight color variations can occur due to the inherent characteristics of the material.

## CLEANING AND CARE

Clean with a moist cloth. If necessary use a little dish soap on the cloth. For upholstery versions, please find cleaning instructions for your chosen textile at [kvadrat.dk](http://kvadrat.dk), [nevotex.com](http://nevotex.com) or for leather at [ca-mo.com](http://ca-mo.com). For leather upholstery versions: Clean the leather with a dry cloth regularly. Treat the leather at least four times a year using only special leather treatment products.
