

RIME WALL LAMP – EU VERSION

TAF STUDIO ON THE DESIGN “With the Rime Wall Lamp, we wanted to create a simple design with a glass shape, giving it a soft expression while making its top and pendant tube as subtle as possible. We were inspired by the shape of acorns for its subtle lines while hinting towards the shaded expression of ice and rime for the glass of the design, allowing for light to shine slightly through with a refined touch. The gentle shape of the light is complemented by its elegantly sturdy aluminum arm for a characterful contrast. The Rime Wall Lamp brings a timeless yet modern perspective to the archetypal light through its translucent shade and graphic form.”

ABOUT THE DESIGNER

TAF Studio is a Stockholm-based design and architecture studio, founded by Gabriella Gustafson and Mattias Ståhlbom. The duo works within product and interior design.

CATEGORY

Wall lamp

ENVIRONMENT

Indoor

DESCRIPTION

The Rime Wall Lamp brings an elegant perspective to the glass light through its semi-transparent glass.

MATERIAL

Shade in mouthblown, sandblasted glass. Arm in pressure die-casted and powder-coated aluminum. Wall bracket in chrome-plated steel. Cord in PVC.

CORD LENGTH

250 cm / 98"

BULB INCLUDED

Yes

DIMMABLE FUNCTION

Yes

CLEANING AND CARE

Clean with a moist cloth. If necessary use a little dish soap on the cloth.

GLOVES FOR MOUNTING THE DESIGN

The Rime Pendant Lamp is made in a unique semi-transparent glass that has been sandblasted. Included in the box with the Rime Pendant Lamp is a set of gloves that we recommend worn when mounting the design to care for the unique surface of the material. If the gloves are not worn when mounting the design, fingerprints might be seen on the surface of the design.

INSTALLATION

The power cord of the Rime Wall Lamp can be routed backwards from the lamp through the mounting surface. Please note that the base of the lamp is smaller than a standard junction box and that the lamp is not designed for direct installation on the top of the junction box. When hardwiring, we recommend mounting onto a false wall, onto a headboard or using a trim plate. Please refer to local safety requirements for this type of installation.

RIME WALL LAMP - EU VERSION

LAMP RATING

Voltage	220 - 240V
Frequency	50/60Hz
IP Rating	IP20
Classification	Class II
Socket	1 x G9 Max. 25W

BULB SPECIFICATION (INCLUDED)

Item	Frosted LED
Watt	3 W
Lumen	190 lm
Kelvin	2700K
CRI	90
Dimmable	Yes
Risk Group	Except

BULB RECOMMENDATION

Item	Frosted LED
Shape	G9
Size	Ø20 X 60mm
Watt	3 W
Lumen	190 lm
Kelvin	2700K
CRI	90
Dimmable	Bulb must be dimmable
